A telephonic replay will be available from 2:00 p.m. ET on the day of the teleconference through Friday, February 7, 2014. To listen to the archived call, dial (858) 384-5517 and enter conference ID number 13574436, or access the webcast replay via the Company's website at [www.graham-mfg.com](http://www.graham-mfg.com), where a transcript will also be posted once available.

### ABOUT GRAHAM CORPORATION

With world-renowned engineering expertise in vacuum and heat transfer technology, Graham Corporation is a global designer, manufacturer and supplier of custom-engineered ejectors, pumps, condensers, vacuum systems and heat exchangers. For more than 75 years, Graham has built a reputation for top quality, reliable products and high-standards of customer service. Sold either as components or complete system solutions, the principal markets for Graham's equipment are energy, including oil and gas refining and nuclear and other power generation, chemical/petrochemical and other process industries. In addition, Graham's equipment can be found in diverse applications, such as metal refining, pulp and paper processing, shipbuilding, water heating, refrigeration, desalination, food processing, pharmaceutical, heating, ventilating and air conditioning, and in nuclear power installations, both inside the reactor vessel and outside the containment vessel.

Graham Corporation's subsidiary Energy Steel & Supply Co. is a leading code fabrication and specialty machining company dedicated exclusively to the nuclear power industry.

Graham Corporation's reach spans the globe. Its equipment is installed in facilities from North and South America to Europe, Asia, Africa and the Middle East. Graham routinely posts news and other important information on its website, [www.graham-mfg.com](http://www.graham-mfg.com), where additional comprehensive information on Graham Corporation and its subsidiaries can be found.
